## **EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE**

### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William J. Klein (Reg. No. 43,719) on January 5, 2006.

The application has been amended as follows:

Cancel claims 5-11 and 15-22.

### **Reasons for Allowance**

2. Claims 1, 3-4 and 12-14 are allowed. The claims will be renumbered as 1-6.

3. The following is an examiner's statement of reasons for allowance: the key difference between the closest prior art of (Agulnick, et al. "hereinafter "Agulnick") and the claimed invention is the fact that Agulnick does not rely upon mapping the pen's location while the pen is up in a non-inking position and is separated from an inking/writing surface by a distance that is greater than zero and less than or equal to a maximum trackable distance; and triggering handwriting recognition for handwriting entered in the handwriting-recognition task area based upon determining that the pen has moved up from the inking position into the non-inking position and that the pen's mapped location on the writing surface has moved from inside the handwriting-recognition task area to outside of the handwriting-recognition task area. These

features in combination with other elements of the claims are not disclosed or fairly suggested by the closest prior art of Agulnick or by any one of the prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
